

Testimonial No. 34:

Neshoba County 911 Communications

Dear Concept Seating,

Thank you for allowing us at Neshoba County 911 to demo your Pro Copper 911 intensive use duty chair. This, by far, has to be the best designed and featured chair for a 911 telecommunicator on the market today. It is full of all the features that a 24 hour duty chair for a dispatch center should require.

Once again, thank you for allowing us to demo this chair.

Jeff Mayo
Communications Supervisor
Neshoba County 911 Communications
